

We are Manufacturer of  
**VIBRO SCREEN**

## Vibro Screen Manufacturer

Linux Magnetics is a pioneer company engaged in the field of High Power Magnetic Equipments and **Vibro Screen Manufacturer** and supplier based at Ahmedabad, Gujarat, India. We are considered to be foremost organization engaged in manufacturing each type of Magnetic Equipments and **Vibro Screen/ Gyro Screens** with the support of new techniques and new products in this domain. **Vibro screen (gyro screen)** is Vibratory or Gyratory Sieving Machine designed on the principle of gyratory motion generated by vibro motor. Gyratory motion is the most effective method for screening.

These offered **Vibro Screen** is driven by vertically mounted vibratory motor having eccentric weight at the top and bottom end of the shaft. Besides the offered Vibro Screen provides optimum screenings and assures maximum feed-rate and efficiency. It causes 100% rotary motion and causes dispersion stirring & stratification of material to be sifted. Feed material constantly flows in horizontal motion along a loop pattern on Vibro screen surface.

### Linux Vibro Screen Used in solid-solid, solid-liquid separation in different type of industries

Food	Dehydrated Food, Spices, Flour
Agro	Guar Gum, Isabgul
Seed	Wheat, Sesame, Whole Spices, Nut, Castor, Soya
Ceramics	Zircon, Glazed Tiles, China Clay
Paper	Paper, Paper Board, Duplex
Oil	Castor, Ground Nut, Soyz, Oil Seeds
Plastics	Rotomoulding, Reprocessed Granule, PVC Resin, PVC Cables
Paint Industry	Rotomoulding, Reprocessed Granule, PVC Resin, PVC Cables
Chemical	Dyes/Intermediates, Paints/Pigments, Pesticides
Pharmay	Shifting, Tablet De-Dusting, Granule Grading
Metal	Ferro Alloys, C.L. Power, Foundries
Abrasives	Minerals, Ores, Refractory, Silica
Other	Foundry Sand, Telfon Power, Bone Chips

## Vibro Screen Machine Manufacturer

We are empowered with a team of expert professionals and backed by a world class infrastructure that is equipped with modern and advanced technology that supports us with the hassle free manufacture and storage of the submitted product assemblage. These offered vibro screens are designed with quality approved raw material under the supervision of highly skilled professionals who use the advanced technology for this. We are considered to be leading **Vibro Screen Machine Manufacturer** as a preferred choice of our customers

for offering excellent product assortment and flexible services. All these we gained with consistent efforts and undivided dedication that we have acquired a huge number of customers in the industry.

## Vibro Screen Machine Supplier

Linux Magnetics is a recognized **Vibro Screen Machine Supplier**, based in Gujarat, India. We are betrothed in manufacturing and supplying a precision assortment of Food Processing Machinery and other products. This offered Vibro Screen is suitable for removing the dust particles and oversized particles. Vibro screen can be configured or tailored to meet various duties of different of application, different materials & different capacities. Our offered Vibro Screen is reliable and economic solution for any screening, grading, filtering or size seprations needs in your process. The screening assembly consisting of one or more set of deck/screens is mounted on a set of angularly located springs, effectively isolating the base from vibrating assembly.

**Leading Supplier of Vibro Screen in Ahmedabad, Mumbai, Hyderabad, Kolkata, Delhi, Bangalore, Chennai, Jaipur**

**Leading Exporter of Vibro Screen in Nigeria, Kuwait, Sri Lanka, Georgia, Yemen, Bangladesh, Nepal, Bhutan, Indonesia, Saudi Arabia, South Africa, Malaysia, Algeria, Iraq, Libya, Qatar, Egypt and Oman**

**Note:** View the full range of screening machines available from vibro screen manufacturer and supplier Linux Magnetics or alternatively contact us for more information.
